

An aerial photograph of a tropical coastline. The top half shows a deep blue ocean with white-capped waves breaking onto a narrow, light-colored sandy beach. Below the beach, a vast coral reef extends into the water, displaying a range of colors from light turquoise to deep, dark blue-green. A small, white motorboat with a red canopy is positioned in the middle of the reef. The sky is a clear, vibrant blue with a few wispy white clouds in the upper right corner.

After a second snorkel stop at Basil Jones we head on to Robles, where we will stop on a pristine stretch of beach where the reef almost touches the island. Here you can snorkel the reef or explore the deserted beaches in both directions. While you are snorkeling or exploring the expanses of beach, our guide prepares a delicious Beach BBQ for you.
